Light for Life Ministry was founded 17 years ago by Pastor David Kang, an ordained Seventh-day Adventist minister. Pastor Kang was born and raised as an Adventist in Korea. He earned a theology degree at the Korean Adventist College and came to the United States in 1975 to continue his studies at the Adventist Seminary at Andrews University. He had served as a pastor for 15 years in the denomination until 1989 and is currently working as a television evangelist. He was strongly impressed with the calling to start a ministry for the Asian people, to preach the Three Angels' Messages in these last days.

Preaching the present truth in oriental countries has been very much neglected over the years and has been overlooked by many conservative Adventists in the Western Hemisphere. The present truth in our generation must include the Sanctuary Message, which is the only blue print that God has given us for the plan of salvation, the Everlasting Gospel of Revelation 14, which involves a true understanding of the Righteousness by Faith and the Judgment messages, and the straight testimony regarding the wine of Babylonian doctrines and practices.

So, Light for Life Ministry was born!

China especially has been neglected as far as the present truth is concerned. If the people in China are not informed of the final message of the mercy of God, namely the Three Angels' messages in their true import and meaning, Jesus' coming has to be postponed again! The Light for Life ministry branch office in China has been growing by leaps and bounds during the last 5 years thru the miraculous workings and providences of God. Only God can do such things. The ministry has printed many books on various topics including the Spirit of Prophecy books, millions of outreach booklets, and "The Prophecy and The World History" color tabloids. Also, many Bible Worker Seminars have been conducted in secret at many different locations.

Recently, we have begun training literature evangelists (colporteurs) for the first time in Chinese church history since the way has opened for Christians in that country. You may want to read about some of the experiences that our brothers and sisters in China have shared in our China Report Archives. You will be compelled to believe that the hand of God is working through the Light for Life Ministry.
